APPENDIX A

59/14 TOWN HALL REPAIRS – FRONT FACADE

The Clerk and the RFO reported that the appointed architects practice David Wilson Partnership had completed a tendering process in order to obtain quotes for the above repairs. Three contractors expressed an interest in the proposed works but only two returned the necessary documents Pearce Construction and Morgan Sindall.

The Clerk reminded members that the Town Hall is Grade 1 Listed and as such English Heritage need to be consulted at every stage. Jim Gardner from the architects has spoken with Colette Hall NDC's Conservation Officer and due to these works being necessary following previous repairs she is happy not to insist on full planning consent.

Other works including the cleaning of the stonework above the Pannier Market entrance and the clock tower could be included and Mr Gardener has estimated a further sum for these additional works. Mr Coates briefly reported on the previous works carried out under the guidance of the Jonathan Rhind Partnership and it was his recommendation not to pursue any claims against this practice which members accepted. Members debated this situation and it was RESOLVED that both contractors are invited to a meeting together with Mr J Gardner in attendance. Members have suggested that this meeting is held on an afternoon if possible with a briefing first with Mr Gardner then a meeting with one contractor followed by the remaining contractor. This meeting with members of the TC would be informal and any decision reached approved at the next appropriate TC meeting. Members are concerned regarding any press coverage and the Clerk will deal with this in the appropriate manner.

future of NDC's presence at The Amory Centre. The Clerk reported that he had forwarded the report by email previously and hoped that all members had read its content. Mrs Harrison reported that due to funding cuts NDC were proposing to cut their presence from the current 5 days per week to 3 days per week (days to be confirmed). Mrs Harrison explained briefly the situation with both The Amory Centre and The Ilfracombe Centre and the need to review the current staffing levels in order to reduce costs. Members debated this situation and the Clerk reported that the current Town Council's staffing structure will need to be reviewed due to the retirement of Mrs S. Went and the resignation of Mrs S. Bowen. Mrs Harrison reported that her recommendations will be presented to North Devon Council Executive on the 1 July 2014 followed by a three month consultation period with any staff affected by these proposals. Mrs Harrison was thanked by the Mayor for attending this meeting and will continue to liaise with the Clerk regarding these proposals and report back to members at the next appropriate TC meeting.

23/14 COMMUNITY GARDEN

The Mayor welcomed Mrs F. Sendell to the meeting regarding the above popular community initiative. Mrs Sendell was pleased to report that the garden area in the Sheep Fair Field was now full and she was requesting that members give consideration to identify any other areas within the parish that could be used for this purpose. Mrs Sendell referred members to the recent Rural Seminar held at Bishops Nympton and the possibility of obtaining grant funding to expand their operation. She reported that a Mrs T. Guyani from Orchards Live had contacted her in order to investigate an area of land to promote fruit growing and teaching methods. At this juncture the Mayor invited Mrs J Foster to speak on the subject. Members debated these requests and Cllr Worden reminded members of the waste land at Raleigh Mead that could possibly be used for gardening purposes.

28/14 PRESS ARTICLE – 1 MAY 2014 – NORTH DEVON JOURNAL

Members noted the contents of a letter received from a resident of the parish regarding a recent press article as detailed above. Several members commented on the TC meeting held on Tuesday 13 May 2014 and it was agreed that the situation must improve for all concerned. Members wish to draw a line under the unfortunate circumstances that occurred at that meeting and move forward for the benefit and wellbeing of the residents that they represent. The Mayor reminded members of his comments under 'chairman's announcements' at the start of this meeting.

29/14 COMMUNITY WOODLANDS

This item had been placed on the agenda at the request of Cllr McCool who reported on the receipt of an email received from the Mayor regarding the cutting back of brambles etc. The Mayor suggested that the TC's Community Woodland Extension and Recreational Working Party take over responsibility for the whole woodlands area and investigate the creation of an annual maintenance plan and a longer term management plan. Cllr McCool was pleased to report that the woodlands had won second place at a competition organised by The Devon County Show Committee.

members that he had requested that the contractors and our external staff carry out additional works as necessary.

Cllr Worden advised that an area in Nadder Lane was overgrown and Cllr Yabsley advised that he would look into this as it was DCC's responsibility.

Cllr Moore stated that the hedge around the bus stop at the top of Pathfields Business Park was overgrown and the DTC would look into this area.

66/14 DOCUMENTS FOR EXECUTION

It was RESOLVED that the following document be signed by the Mayor and Deputy Mayor and witnessed by the Town Clerk:

Exclusive Right of Burial – Plot P009 – Mr Luke Antony Grant, 71 Nadder Meadow, South Molton, EX36 4BR

Exclusive Right of Burial – Plot M1711 – Mr A. Heale, 3 Churchill Drive, Crediton

67/14 DCC – BEECH HOUSE

Cllr Worden began the discussion on the proposed closure of Beech House by saying how disappointed he and the whole of South Molton were that this closure was going ahead and the effect it would have on the most vulnerable in not only South Molton but also the surrounding areas as Beech House was the central area for care in the area. He stated that it was not only people in residential care that would be affected but also those who needed respite care. Also sixty employees worked at Beech House and this too would hit the town hard. Cllr Worden went on to say that the Town Council would like to express its disappointment that Devon County is not actually taking monies out of their reserves to keep Beech House open, the whole Town is dismayed by the proposed closure and it is the vulnerable who will suffer.

Cllr McCool spoke briefly about one of her relatives who went to Beech house for respite care and how well they were looked after. She said that it seemed the vulnerable are pushed aside and that South Molton gets ignored in such circumstances and that the Town has to fight hard to keep it open. Cllr Goodman reiterated his dismay and echoed the sentiments of the previous two speakers. His personal opinion was that Devon County had taken the decision to close Beech House before they had looked into all the possible consequences of their actions. There were 30-40 people at Beech House and he questioned whether DCC knew exactly where they were going to be transferred to.

Cllr Smale asked whether DCC had funding to help the residents of Beech House and if so how are they going to implement it. He questioned whether there was any way a private company could take over the running of the home with a minimal lease payment as an incentive. He stated that it seemed the residents were being thrown out onto the streets and that something had to be done about it.

Jeremy Yabsley, Devon County Councillor for South Molton rural was invited to speak on behalf of Devon County in reply to concerns already raised. He replied that the County was now ceasing in house provision but that would not happen straight away as it would be a gradual process. For the last five years DCC has tried to find a local firm who would have been interested in taking over the health

Continued ...

care provision at Beech House but without any success. He went on to say that Beech House is non-compliant in most aspects and if it was taken on by an outside company no certificate to operate would be issued and it would therefore have to be completely restructured. He stated that Beech House was the last closure on the list and it will be about 1 year to 18 months before the closure comes into effect. He reiterated that residents would not be thrown out without first finding other placements and that it would be illegal to do that.

Cllr White said that everyone was appalled at the prospect of the closure and that in his view it was privatisation through the back door. He said the problem would be that people would have to travel to Bideford or Crediton or longer distances and relatives and carers would find it hard to visit if residents were being placed outside of the local area.

Cllr Christine Lock asked Jeremy Yabsley if DCC would pay for residents to be moved into Eastleigh if there were enough spaces to which he replied that if that it was it takes for the short term then that will happen. He stated that there is monies set aside for the transitional period so that people do not suffer and get the care that is needed.

Cllr Bushell reminded Jeremy Yabsley that a few years ago people were fighting the crumbling roads and that the justification for that was the duty of care that was held for the elderly and that DCC would need to cut the elderly care budget by 1% to fund the road improvement program. Cllr Bushell then stated that the problem is we now have crumbling roads and a crumbling care system. Cllr Yabsley informed members that in fact the care budget is increasing as there are more people using it and the Highways budget is decreasing as the duty is to provide services for young and elderly people. He said you cannot expect big chunks being taken out of the budget without seeing any effects.

Cllr Moore said that if this new method of looking after elderly people is so good why is it that everyone is fighting against it. He gave the example of someone living in North Molton during a period of snow and asked how the carer is supposed to get there and what the consequences could be.

Cllr Goodman thanked Jeremy Yabsley for listening to what people had been saying at the several meetings they had both attended on the subject. He then went on to ask what will happen to the buildings once the centre is closed and asked whether they could be used as a day centre or a Community Asset building and whether DCC would let it out to the voluntary groups at a reasonable rate.

Cllr Yabley replied to Cllr Goodman by thanking him for his kind words and saying he hoped he had informed people correctly and helped with the situation. He said that as he understood it DCC were considering using such buildings including the Youth Resource Centre for public community use. The public need to come forward with viable ideas for further discussion.

Cllr Smale asked whether the private sector homes would take in residents at the rates offered by DCC which would probably be less than the private sector rate.

Cllr Yabsley replied that DCC were, in the short term, prepared to pay the Eastleigh prices. He said now was the time for the Town Councils and the press to influence in some way how the closure proposals move forward.

Cllr Way asked whether it was the youth or the elderly that was more important.

Continued ...

He mentioned that DCC had spent over £800000 on a new Youth Resource Centre which was hardly ever used and had ended up being rented out to various groups and he wondered whether DCC had predicted this would happen. Following the detailed discussions it was RESOLVED to write a letter on behalf of the Town Council expressing their concerns and dismay at the proposed closure of Beech House and that it should be directed to the Chief Executive of DCC, the press, Nick Harvey and Eric Pickles.

68/14 SOUTH MOLTON COMMUNITY HOSPITAL – RENAL UNIT

Cllr Goodman reported that as Chairman of the League of Friends in South Molton he had been told by a Doctor at the Royal Devon and Exeter hospital which runs the renal unit that they are looking to build another renal unit somewhere else due to the demand in dialysis. The location of this new build has not been disclosed. There are apparently limitations with the present building. Cllr Goodman reminded members that a large amount of the original funding for the renal unit came from public subscription.

It was RESOLVED to write to the North Devon Health Authority who owns the renal unit and point out to them that the building was put there by a large public subscription and that if the renal unit is moved from there then the building should be used for the benefit of the people of South Molton. The letter should also state that the Council would like the new renal unit to be in South Molton and that there is land available in the town for such a building.

69/14 PROPOSED NEW HEALTH CENTRE

Cllr Goodman, in reply to the letter from Bishops Nympton Parish Council suggested that the most suitable location for the new Health Centre would be in the in the centre of the town. However negotiations were well under way with the developers of Gunswell Lane to site the new Health Centre on the development and the advantage of that area was the ample car parking. Cllr White reported that Maria Hosegood told him that a large proportion of the centre's patients came from outside of the town so that car parking was an important factor. Cllr Goodman said that the consideration of locating the centre on Norrington's Yard was not viable since the health centre would not be able to afford the land purchase. It was also pointed out that South Molton would still have one health centre left in the town when the new one had been completed. It was RESOLVED that the Clerk would write to Bishops Nympton Parish Council outlining the above.

70/14 COMMUNITY WOODLANDS

Due to the nature of this application he had consulted the chair of the Planning Committee and it was agreed that all members should have the opportunity to comment. vicinity. Much discussion followed and it was RESOLVED that all allotment holders be advised that a waste bin will be provided at no cost to the holders in order to alleviate any further problems with bonfires.

Cllrs Bushell and Lewis voted against this proposal during the voting process thereon.

160/14 MONTHLY ACTION SHEET

The Clerk reported that he had attempted to amend the above document as promised but was still not happy with the revised document. He explained that it was just a repeat exercise taken from the minutes of each relevant meeting. Cllr Bushell requested that the flat at No 1 East Street be placed on the next TC agenda for further discussion. He complained that the MAS had not been presented to members for four months but the Clerk stated that the only month it had not been presented was September 2014. It was suggested by Cllr Kingdon that perhaps it would be more useful to have a resume once a month regarding the work carried out by the manual staff and the work planned for the coming month/s. Cllr Moore was pleased to report that the memorial tree had that day been planted in the Community Woodlands as agreed. The tree is local species to Devon called Sorbus Devoniensis and there may be a short service of dedication at 12.30pm on Tuesday 11 November 2014. A suitable plaque will be arranged as soon as possible. Cllr Goodman suggested that perhaps the minutes of each meeting could have a bullet point where the Clerk has been instructed to take the matter further on behalf of members. Cllr Mrs C Lock enquired if meetings had been arranged to review Standing Orders and Care Closer to Home and both the Mayor and Clerk responded. The Clerk will continue with his investigations and report back to members when appropriate. Cllr Bushell raised the issue of Performance Monitoring and the Clerk and the RFO are continuing to make the necessary enquiries and will report to the Staff Committee in due course. Cllr Smale reported that his employers had abandoned Performance Monitoring due to the time it takes to carry out the exercise on a regular basis and is not cost effective.
