26/11 **GULLACOMBES HOUSING DEVELOPMENT**

Mr Holtom referred members to his Briefing Notes, which all members had previously received with their agenda.

Mr Holtom updated members regarding validation issues, which were discussed at a meeting at NDC on the 20 May 2011. Ecological data, with specific reference to Dormice, will be required and this will delay the consultation process until Autumn 2011. A strategy has been formed and this will be discussed further at a meeting to be held on Monday 27 June 2011. If species are noted then mitigation works will be carried out in accordance with a method statement to be approved by Natural England.

Mr Holtom then referred members to the proposed expansion to the Community Woodland and reminded members of the questionnaire exercise that was completed in 2007. Bearing this in mind Mr Holtom handed out a second conceptual plan to members for their perusal and comments (see copy enclosed). Members present raised many queries including the provision of new bridleways and a possible 'trim trail'. It was RESOLVED to form a Working Party to consider all options to improve this area including as previously indicated the provision of allotments adjacent to the proposed housing development. Membership of this Working Party will consist of the Mayor, Cllr Goodman together with Cllrs Bushell, Kingdon and McCool. All these issues relate to the Council's vision in a strategic planning context and it was RESOLVED to form a Strategic Planning Working Party to investigate all options available for the future expansion of the town and providing the necessary housing provision. 53/11 **APPROVAL OF MINUTES**

Town Council 19 July 2011

It was RESOLVED that these minutes be approved.

Town Council 26 July 2011

It was RESOLVED that these minutes be approved.

54/11 **NO 1 EAST STREET**

The Clerk reported that this item had been previously been requested by members for further discussion. The Clerk reminded members that planning consent had been granted but due to the economic situation enquiries from proposed developers had been minimal. Income from tenants within the building is valuable to the Town Council and the Clerk and RFO were recommending that this continues until early in 2012 when the subject will be reviewed. It was unanimously RESOLVED to accept this recommendation. Cllr Moore raised the continual problem with the tenant of the old library premises who is placing items for sale on the pavement causing obstruction to both walkers and users of mobility vehicles. It was unanimously RESOLVED to enter a relevant clause within the current licence to stop this practice continuing. The Clerk will alter the licence accordingly and obtain the tenant's agreement.

55/11 **SKATEBOARD PARK – CENTRAL PARK AND MAP SIGN ON THE ENHANCEMENT.**

The Clerk reminded members that they had previously received a letter from Mrs T. Huntingford, Chair of The Community Company requesting that the Town Council considers taking over ownership of both of the above. The Clerk reminded members of the current situation and referred to the report compiled by the RFO. Several members of the public were present together with young users of the facility and with the consent of the Mayor were allowed to speak. The Mayor invited Mrs T. Huntingford Chair of The Community Company to give a brief overview of the situation and she confirmed that the company is in the process of being dissolved. Many members present expressed their concern with particular reference to the costs involved and the need for the community to be more involved and active to secure its future. The Town Council has a lease with The Community Company and currently pays the public liability insurance premium, which is reimbursed on an annual basis. All members are keen to see the park remain open but appreciate that support must come from parents and their children and not rely totally on local authority funding. It was RESOLVED that this item be deferred until the Town Council meeting on Tuesday 11 October 2011 to enable the two North Devon councillors, Moore and Worden to lobby the authority to seek financial assistance if possible. It was further RESOLVED in principle to transfer ownership of the map sited on the enhancement from The Community Company to the Town Council as soon as practically possible.

**56/11 CAFÉ/KIOSK – PANNIER MARKET**

Members noted that planning consent has been granted to Mr and Mrs Tas to construct a kiosk/café in the Pannier Market adjacent to the WI Trading Booth. Mr and Mrs Tas have three years to carry out the necessary works in close liaison with Mr P Stanford, Market Supervisor. The Clerk will keep members up to date with progress with this matter and the consultation process with English Heritage. The Clerk reminded members that there was no financial input from the Town Council.

**57/11 NDC/DCC – HIGHWAY MAINTENANCE AND OTHER RELATED ISSUES**

This item had been agendad at the request of Cllr Moore who reported further on his concerns and anger with DCC regarding their lack of commitment to keep South Molton clean and tidy for all its residents. Cllr Moore raised several issues with Cllr Yabsley claiming that for several years he had reported problems to the authority and still no action had been taken. Cllr Yabsley reminded Cllr Moore that due to budget constraints and the reduction of staff it was proving very difficult to maintain a satisfactory standard of service. He reminded Cllr Moore that a meeting had been arranged for Friday 23 September when several members and staff will be touring the town on foot to identify problem areas and prepare an action plan of improvement.

**58/11 PATHFIELDS BUSINESS PARK**

The land agent reported to members on the following issues:

- a) Adoption Process – NDC have reported that agreement has been obtained between themselves and SWW to adopt drains owned by NDC and it is hoped that all highway issues can be resolved by the end of 2011. The defects list relating to kerbs and gulleys has been re-assessed and all site occupiers can now be pursued to make good deficiencies in anticipation of the formal adoption of all the Town Council's drains and roads.
- b) Plots B and C – A proposal has been received from Barum Developments for the sub-lease of the un-developed part of the site be granted to a Mr R. Glenister subject to an undertaking for costs and to pay for the adoption defect relating to a footway highlighted by DCC. It was RESOLVED to approve this proposal and advise solicitors accordingly.
- c) TW Coaches /T and T Coaches – The licence to assign has now been completed but it has been requested that SMTC re-instate the drainage rights to a septic tank and soak away that were inadvertently extinguished in 2007 by acting solicitors. It was RESOLVED that this request be approved subject to the Town Council receiving an undertaking for all legal fees.

Cllr Kingdon declared a Personal and Prejudicial Interest in the following item and left the meeting.

- d) Plot E – Davisons – Development of Plot E is now complete and the transfer of the freehold has been requested. It was RESOLVED that this request be approved subject to receiving an undertaking for costs.

Continued ...

Cllr Kingdon rejoined the meeting.

- e) Possible Distribution Depot – The Town Council has received a potential developer wishing to purchase land for a distribution centre. Members noted these details and Mr Holtom will put pressure on NDC to promote this area in order to open up additional employment land. The land is adjacent to the area highlighted in the Local Plan for the possible re-siting of the livestock market.
- f) South Molton Metals – The tenant of the Hacche Lane transfer station has requested either a new lease or the opportunity to purchase their current site together with further land owned by SMTC. It has been reported previously that there have been breaches of the current lease regarding improvements to the site and these can be remedied within any new leasing terms. The Clerk is keen to continue receiving an income stream and it was RESOLVED that new leasing terms be agreed on the best commercial terms following legal advice regarding the breaches of the current lease together with an undertaking for all costs.

59/11 **CEMETERY EXTENSION – BAWDENS CLOSE**

Mr Holtom reported on the progress with the above proposal and was pleased to report that advice had been sought from Mr G. West and the local planning authority. A 1 acre site has been identified to the south of the Sheep Fair Field and advice from Ms Watkins, Lead Planning Officer is that the boundaries should be a dwarf masonry wall with metal railings on both north and west elevations. Both the Clerk and Mr Holtom were recommending the submission of a planning application to NDC in principle and any design and landscape issues will be discussed following receipt of the necessary consent. It was RESOLVED to apply for planning permission and when received discuss this matter further.

60/11 **HOUSING DEVELOPMENTS AND OPTION AGREEMENTS**

- a) Gullacombes – A new design and layout plan is expected following further consultation on footways, cycleways, road layout and the access off North Road. The element of affordable housing is being re-assessed together with the tenure of these dwellings. The necessary bat and reptile surveys have been received but the dormouse survey is still outstanding. NDC have still not registered the planning application but it is still hoped that construction will commence in early 2012. Members noted these details and await the final design document including the proposed extension to the Community Woodland.
- b) Caen Homes – progress is very slow particularly as an adjoining land owner has recently passed away and probate has not been granted to the executors. A meeting of the Gunswell Lane Steering Group is on Thursday 15 September and members will be updated following that meeting.

There being no further business the meeting closed at 8 09pm.

**114/11 RELOCATION OF LIVESTOCK MARKET**

This item had been placed on the agenda at the request of the Mayor and other members following a recent meeting held at NDC with members and officers from that authority. NDC are requesting that SMTC consider a seven year option agreement on land which needs to be determined at Pathfields Business Park for the possible relocation of the livestock market. The Clerk gave members a brief overview of the current situation and reminded members that the land agent Mr J Holtom has received numerous enquiries from companies who wish to relocate or move to Pathfields urgently. Members debated this request from NDC but were not happy to allocate this land for a seven year period and questioned whether NDC had any intentions to move the market at a later date. Members were concerned where funding for a new market could be obtained as they understand the sum of £1,000,000 is the only funding available from NDC and the total cost is much higher (3 to 4 million has been quoted previously). Members noted that the existing licence with the auctioneers does not cease until 2018. It was unanimously RESOLVED that the Clerk informs NDC that this authority will not enter in to any Option Agreement for an area of land at Pathfields Business Park and will contact the policy planning unit in order to commence with releasing the land designated for the livestock market to make it available on the open market for employment related industrial expansion. Members have also requested that NDC are advised of considering an alternative site for the livestock market and an area of land past the new Pathfields roundabout on the left hand side (Deerhills) towards Aller Cross should be re-considered as this was a preferred site many years ago.

separate retail area. South Molton Recycle has traded for over 26 years in the town and is considered a very valuable community asset. All members agreed that they must stay in South Molton. Miss Penfold's proposal is to rent the portion of the Pannier Market that was used by Royal Mail to store their company vehicles. These premises extend to over 400 sq feet, which according to Mr Robb would be adequate but more space would be desirable. All members agreed that this was an excellent idea and it was RESOLVED to agree in principle to allow SMR Phoenix occupation of this area (terms and conditions to be agreed). SMR Phoenix must provide members with a detailed plan for further consideration at a Town Council meeting and liaise with English Heritage due to the buildings listed status. The site for a proposed foodstore is still yet to be determined and concern was raised by members on the number of parking spaces that would be available particularly on a Thursday. No planning application has been received by NDC but members are anxious that they voice their concerns at an early stage before any documents are signed. It was suggested that representatives from Tesco PLC be invited to a forthcoming Town Council meeting but it was RESOLVED in the first instance that Brian Greenslade, Leader NDC and Mrs Diana Hill, Head of Property and Technical Services NDC be invited to a Town Council meeting to discuss the situation. Brief discussion followed regarding the future of the livestock market and members will discuss this with Mr Greenslade and Mrs Hill when they attend a meeting.
